INTRODUCTION

At SSAMH, we stand as a distinguished Fastener Manufacturing Machines trading entity headquartered in the bustling city of Delhi, India. With a steadfast commitment to excellence, innovation, and customer satisfaction, we have emerged as a leading provider of cutting-edge machinery, tooling, and related components in the global market.

OUR STORY & VENTURES

Founded in 2016, SSAMH International Pvt. Ltd. set out with a vision to redefine standards in the Fastener Manufacturing Machines trading industry. We strive to push boundaries, foster strategic alliances, and deliver unparalleled solutions to meet the evolving needs of our valued clientele.

Expanding our horizons, we launched two ventures:

SSAMH Precision Tools Pvt. Ltd.: Specializing in Thread Rolling die manufacturing with a focus on precision engineering and cutting-edge technology.

SSAMH Project Management Services LLP: Offering comprehensive project management services to ensure seamless execution from inception to completion.

Fasteners Making Machinery

Specification of Machines

Bolt Former

Max. Cut-off Dia : $\phi 5$ to $\phi 30$
Max. Cut-off Length : upto 360mm

Bolt Part Former

Max. Cut-off Dia : $\phi 5$ to $\phi 55$
Max. Cut-off Length : upto 460mm

Nut Former

Max. Cut-off Dia : $\phi 10$ to $\phi 32$
Max. Cut-off Length : upto 40mm

Nut Part Former

Max. Cut-off Dia : $\phi 7$ to $\phi 48$
Max. Cut-off Length : upto 180mm

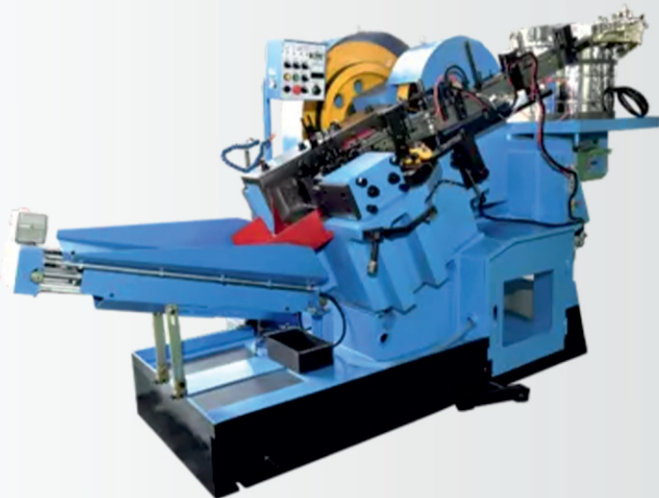

Heading Machine CH - 1 DIE - 2 BLOW

Max. Cut-off Dia : $\phi 0.8$ to $\phi 32$
Max. Cut-off Length : 34mm
to 417mm

CDH - 2 DIE - 2 BLOW

Max. Cut-off Dia : $\phi 5$ to $\phi 20$
Max. Cut-off Length : 54mm
to 230mm

Thread Rolling Machine

Thread Dia : 2mm to 42mm
Thread Length : 3mm to 250mm

Fasteners Sorting Machines

With 1 Camera to 9 Cameras

Specification of Machines

Glass Type (PSG)

For Nut, Bolt, O Ring, Washer, Screw and Parts
Head Width : 10mm to 35mm
Head Height : 2mm to 25mm
Length under Head : 1.5mm to 12mm

Disc Type (PS/PSL/PSR/PSD)

For Screw and Bolts
Head Width : 5mm to 35mm
Head Height : 3mm to 30mm
Length under Head : 5mm to 240mm

V-Track Type (PSV)

For Studs and Cylindrical Rods/Pins
Wire Dia.: $\phi 5$ to $\phi 10$
Length : 15mm to 70mm

Eddy Current Type (PSE)

For Studs and Cylindrical Rods/Pins
Nut/Bolts

Head Width : 5mm to 25mm

Head Height : 3mm to 25mm

Length under Head : 15mm to
135mm max.

Conveyor Type (PSC)

For Nut, Bolt, O Ring, Washer, Screw
and Parts

Head Width : 5mm to 40mm

Head Height : 2mm to 25mm

Length under Head : 5mm to 45mm

Process Monitoring-PM200/400/600

Features

- Improve Capacity & Increase Productivity
- Future Trend in Online Detection
- Pursuing Higher Quality

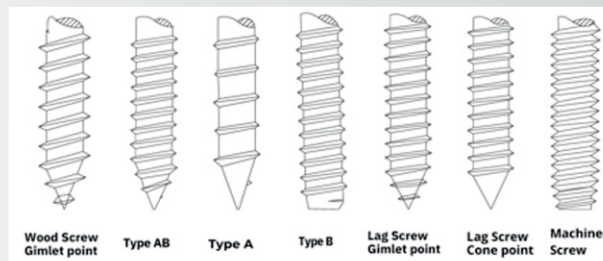

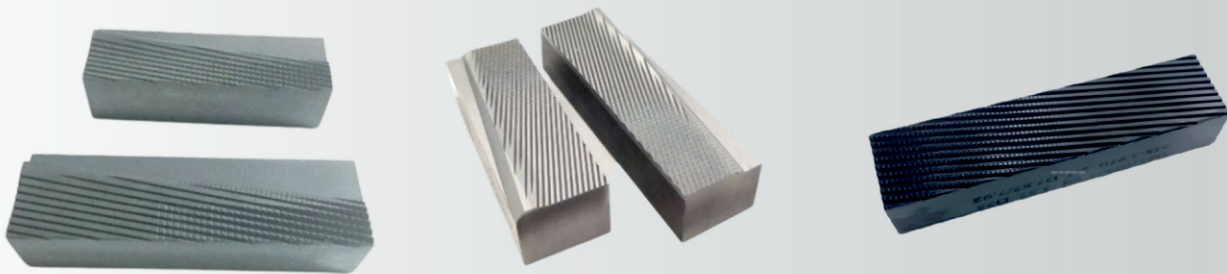

SSAMH Precision Tools (P) Ltd

We manufacture SSAMH brand, Flat Ground, Flat Milled & Cylindrical thread rolling dies for machine screws and tapping screws with consistent quality in the industry's shortest lead time ensuring ontime delivery. SSAMH specializes thread rolling dies for After Heat Treatment and stainless steel thread rolling application.

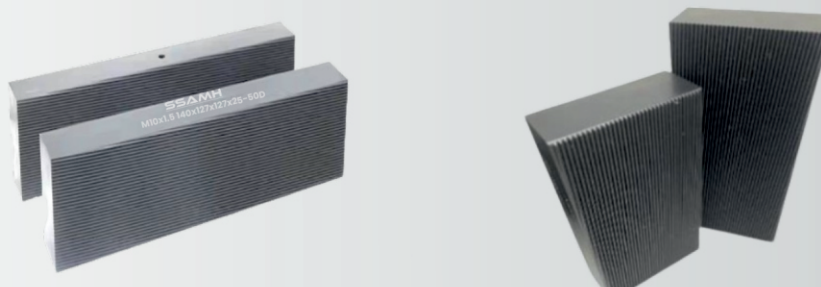

SSAMH Precision Tools has developed a state-of-the-art highly specialized manufacturing facility, employing special purpose CNC machine tools; and continue to develop a customer focused continuous improvement culture

SSAMH Precision Tools carefully monitors quality of the products from receipt of each order until its dispatch to the customer.

FLAT MILLED THREAD DIES

FLAT GROUND THREAD DIES

CYLINDRICAL THREAD ROLLING DIES

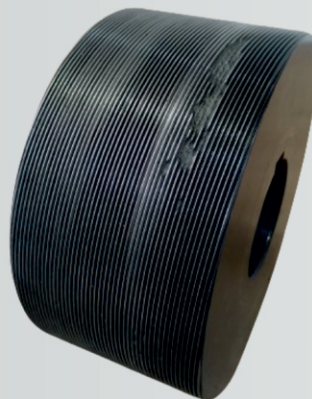

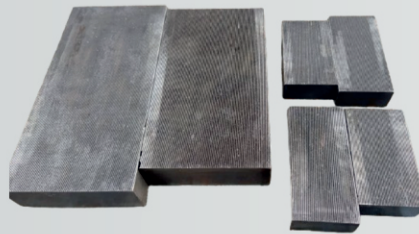

THREAD ROLLING DIES -> RE-GRIND SERVICES

We introduce Flat Ground & Cylindrical Dies Regrind Services to extend significant cost savings through multiple re-use of tool material benefiting the Fastener manufacturers.

Re Grinding of used dies, benefits the customers, such as:

Saving on the new dies stock inventory, Possibility of converting dead stock inventory of dies, reducing cost per piece through regrind tool life returns.

USED DIES

REGRIND DIES

**TAPS, DRILLS, PUNCHES
& COLD HEADING DIES**

SOME OF OUR ESTEEMED CLIENTS

Sundram Fasteners Limited

BAGLA
Agile to Excel

Rohtas Group
of Companies

ASWIN COLD FORGE

ATUL FASTENERS PVT. LTD.

Manufacturers and Exporters of Screws, Bolts, Nuts & Washers

RBM Industries
